TAKE THE LEAP WITH VICTORIA · SCHOOL WORKSHOPS 2027

PUBLIC SPEAKING, PRESENTING & STORYTELLING

Hands-on workshops where students don't just listen. They write it, stand up and say it. Tailored to year level and group size.

WHAT STUDENTS LEARN

Public speaking

Standing up in front of the class with confidence: voice, eye contact, pace and what to do with your hands.

Presenting an idea

Pitching a product or project so people understand it. A great fit for enterprise and economics programs.

Storytelling

Finding the story in what you want to say, so people remember it long after you've finished.

Year group presentation

The whole year group together for one high-energy session. Students see what great speaking looks like and leave with simple tools they can use straight away.

Half day or full day

The hands-on workshop with each group in turn, so every student gets to plan, practise and present.
